Description of Incident: (Full Description of Incident)	On 11/10/17 at 9:40 AM, residents of Alpha Pod were participating in school programming. UC had been given several warnings due to disruptive behavior. UC was asked to leave the classroom and return to his room for a timeout. UC refused to return to his room. Multiple staff verbally directed UC to enter his room several times. UC continued to yell, curse, and ball his fists up in a threatening manner. After all less intrusive measures were exhausted, UC was placed in a physical restraint by Mr. Berkley, Resident Supervisor, to

ensure the safety of the UC, staff, and other minors in the program. Mr. Berkley transferred the Physical restraint to Mr. Marable, Resident Supervisor, during the transfer, UC punched Mr. Marable in the stomach. UC attempted to kick and bite staff. Due to the continued assaultive intentions of the minor, UC was placed in mechanical restraints to ensure the safety of the UC, staff, and other minors in the program. At 9:51 AM, UC started to bang his head on the concrete slab of his bed, causing marks on his head and minor bleeding. At 9:53, UC continued to hit his head on the slab and stated "I am going to blame this on you". At 10:01, UC started to turn his wrists aggressively, tightening the mechanical restraint. Staff asked UC if he would permit them to adjust the mechanical restraint to loosen it but UC refused. At 10:05, UC stated "I am going to say you did this to me.", referring to the marks on his wrists from the tightening mechanical restraints. Description of Incident: (Full Description of Incident)	
On 11/18/17 at 6:15 PM, residents of Alpha Pod were participating in daily cleaning. UC had not earned enough behavioral points throughout the day to participate in regular programming that evening. Following cleaning, UC was refused to enter his room. Staff redirected UC several times directing him to enter his room willingly. UC became upset and shift supervisors were called to speak with UC. Ms. Thacker, Assistant Shift Supervisor, and Ms. Bolen, Shift Supervisor attempted to verbally redirect UC with no success. After less intrusive measures were exhausted, Mr. Rose and Mr. Smith, Resident Supervisors, placed UC in a physical restraint to ensure the safety of	

the UC, staff, and other minors in the program. UC struggled against the restraint and attempted to hit, kick, and spit on staff. Due to the physical aggression displayed by UC, UC was placed on the floor by staff. UC then attempted to head butt staff. UC continued to act in an aggressive manner, even telling other minors to "go off". At 6:22, Staff placed UC in mechanical restraints to ensure the safety of the UC, staff, and other minors in the program. UC then began to twist his wrists in the mechanical restraints, marking his skin. Staff attempted to double lock the cuffs to loosen them. UC resisted staff efforts to loosen the cuff and continued to act aggressively. At 6:33, after several attempts to help UC calm down, UC was placed in the restraint chair to ensure his own safety, the safety of staff, and the safety of other minors in the program. As he was being placed in the chair, UC head-butted the wall and chewed a hole in the spit mask. UC spat through this hole directly in the face of Ms. Bolen. Once UC was secured in the chair, UC was taken to a separate room to cool down under direct supervision. UC continued to threaten and curse staff. UC repeated "wait until I tell everyone what you did, I am going to get you." UC also stated that he had not hit anyone while on camera and that everything in his room was no on camera. At 8:03, UC had calmed down and was able to be released from the restraint chair. Once UC was secured in his room, staff informed him that he had been removed from regular programming for failure to obey and threatening behavior.

Description of Incident: (Full Description of Incident)

UC was given a time-out while attending school for being disrespectful towards a teacher (e.g. calling her a "pinche puta." Once UC was in the hall, he sat down on the floor against the wall while stating that he "was not going to his room for a fucking time out that he did not need." Floor staff notified Assistant Shift Supervisors Mr. Moats and Ms. Thacker, as well as Shift Supervisor Ms. Craft. Supervisors attempted to talk UC into walking to his room for the time out; UC continued to refuse and stated that he "did not need a fucking time out." Floor Staff, Mr. Landaeta, was requested to translate and also encouraged UC to go to his room. UC continued to refuse with staff's directions and became louder, belligerent, and was observed balling his right fist up while telling staff to "not fucking touch me." Due to UC's continual disregard to less intrusive interventions, Moats and Floor Staff, Mr. Rose, attempted to place UC in a two man PRT as he was sitting on the floor against the wall. UC resisted while trying to kick and hit staff. Landaeta assisted with the PRT as Floor Staff, Mr. Ewing, took hold of UC's legs. UC was then turned over on his stomach and handcuffs were applied. UC continued to resist and threaten staff

throughout entire restraint. UC was lifted by Moats and Landaeta and escorted to his room. UC cursed and threatened Moats and Landaeta while being escorted. Once at UC's room door, UC attempted to spit on Moats's face while further resisting and kicking. UC was placed on his bunk on his stomach and handcuffs were removed. Staff exited the room once UC was calm enough. UC was in a PRT and handcuffs for approximately 3 minutes. Thacker contacted Clinician, Andrew Mayles, to speak with UC once he was secured in his room. Mayles arrived to UC's room door and saw that UC had ripped up his shirt and pants as well as began to bite his left forearms while sitting on the floor. Mayles attempted to engage with UC but was unsuccessful, as UC continued to rip his clothes and bite his arms while spitting out a mixture of blood and saliva. UC refused to talk to Mayles and was observed tying string from his ripped clothes around his left wrist. Mayles also observed UC kneeling towards his room bench and lightly bang his head on bench.

Staff Response and Intervention

Mayles informed UC's assigned clinician, Elenor Aleman, regarding the events that occurred since UC was secured in his room. Aleman arrived at UC's room and witnessed UC sitting against his room. Aleman attempted to engage UC and voiced concerned regarding his self-harm behavior. UC was initially silent but eventually began to speak. UC was tearful and irritable throughout entire conversation. Without prompt, UC untied the string around his left forearm. UC voiced anger towards staff and facility for his removal. UC allowed Aleman to see the self-inflicted bite marks on left forearm. UC's bites appeared superficial, which no significant teeth markings. UC made allegations that staff assaulted him while being placed in his room. Aleman voiced further concern and asked UC to provide further insight on allegations. UC stated that the staff had forcefully placed him on his stomach on room bench, causing injury to his right collar bone area. UC also claimed that staff had "stabbed" him with a pen on the right side of his rib cage. It is important to note that UC had no ink marks or any sign of perforation on the skin of his rib cage or elsewhere on his body. However, UC appeared to have redness on collar bone area. While talking with Aleman, UC made vague threats towards the staff involved in removal. Aleman encouraged UC to not take matters into his own hands and that he would report his injuries and allegations to appropriate parties.

Follow-up and/or Resolution:

Aleman informed SVJC Program Manager Jason Klingensmith regarding allegations made by UC. Aleman informed nursing staff about injuries reported by UC. At 01:18 PM, Nurse, Lisa Anderson, met with along with Mr. Oldham and Mr. Pacheco, Floor Staff; Aleman acted as an interpreter. UC reported pain from his collar bone area as well as pain around his wrists, where handcuffs were placed. Both areas appeared red while UC's collar bone area appeared to have small abrasions. UC did not report any pain regarding his ribcage area. Anderson provided UC two Ibuprofen 200mg for reported pain. In accordance with the Shenandoah Valley Juvenile Center's behavioral management policy, UC was removed from regular programming for threatening behavior and disruptive behavior. UC's behavior will be continually evaluated in order to expedite UC's reintegration into regular programming while maintaining the safety of UC, resident supervisor and other minors in the program. Removal from programming will not exceed 24 hours, without administrative approval. Following reintegration, Clinician and Case Manager will meet with UC to discuss safety concerns and behavioral management. Follow up will be documented in UC's individual progress notes and case manager notes.

It is recommended that UC continue to receive case management, clinical, legal, and medical services.

Description of Incident: (Full Description of Incident)	
On 08/20/17 at 6:00 AM, Residents of Alpha Pod were being undergoing morning count. When called to stand for count, UC refused to stand or acknowledge staff. Mr. Fields, Assistant Shift Supervisor, entered UC's room to ensure that UC was safe. UC had ripped up all of his clothes, bedding, books and other personal items in his room. These items were removed from the room and is was confirmed that UC was awake and able to respond. When UC's door was secured, Mr. Fields informed UC that he was removed from regular programming for failure to obey and destruction of property. At 8:48 AM, UC covered his window and would not allow staff to complete their	

15 minute checks. Ms. Statler, Shift Supervisor, and Mr. Uraje, Resident Supervisor, verbally redirected UC for his behavior and requested several times that he uncover his window. UC continued to refuse. After all less intrusive measures were unsuccessful, staff entered UC's room with the shield. UC was restrained by the shield to ensure the safety of the UC, staff, and other minors in the program while staff cleared his room of all potentially dangerous items. These items included a full cup of urine and strips of elastic from the waistband of UC's boxers. Once the room was cleared, UC was released from the restraint and the door was secured. - Reported by Emily Twigg

Staff Response and Intervention On 08/20/17, Staff directed UC to stand for morning count. UC did not move or acknowledge staff. Mr. Fields entered UC's room to ensure his safety and observed that UC has ripped up clothing, bedding, books and other personal items in his room. Mr. Fields removed the shredded items and confirmed that UC was awake and able to respond. Mr. Fields exited the room, secured the door, and informed UC that he was removed from regular programming for failure to obey and destruction of property. While UC was removed from programming, Staff completed their 15 minute checks. At 8:48, staff called Ms. Statler to come to the unit because UC was covering his window and not allowing the check to be completed. Ms. Statler and Mr. Uraje verbally redirected UC for this behavior and requested that UC remove the cover. After continued noncompliance, staff entered UC's room with the shield and restrained UC while the door cover and other potentially dangerous items were removed from the room. Staff released UC from the restraint and exited the room.- Reported by Emily Twigg
